

Petite Princess Party

Your special day will begin as follows:

The party will begin with your favorite Princess greeting you and your guests. Face painting is done for all children. The Princess and Maid will pass out wands and tiaras for all to wear and keep (appropriate gifts for boys). Several fun games are played, and prizes are given to the winners, but everyone gets something just for playing.

The Birthday Girl will sit in a Fabulous Throne at the head of the table set with princess plates, cups & flatware. Finger sandwiches will be served on tiered stands and beverages will be served from china tea pots. The Princess will read stories the birthday girl chooses while the children are eating. The Princess will bring out the cake and we will all sing "Happy Birthday". Presents will be opened, a gift registry book will be filled in, and the maids will organize gifts for easy transportation. The Princess will give the birthday girl her special gift. A photo opportunity with the Princess is offered to capture this special time at Mrs. Potts Tea Party!

We will play one last game and the Princess will sing her song and dance with all the children. The birthday girl and all her guests will become honorary Princesses and Princes before we all say good-bye.
